3) Collection at your home

Stick one sticker per item and place in front of your front door by 8 a.m. of the specified collection day. (Your presence is not required for collection.)

Be aware of companies that claim:

That they will collect your unneeded items for free or that they will dispose of deceased person's articles for free. Many of these companies operate without a license and customers are billed expensive disposing fees later on. There have also been cases where the items collected were illegally disposed. Please follow the city's guidelines when disposing your garbage.
